Access Success

What's better than a place for everything and everything in its place? For those who demand organization, practicality, and ease, it's all about fingertip access. It's what you need being precisely where you need it to be… convenient as a simple turn here, a quick and easy reach there.

Drawer Construction Reliability

It's the brawn behind the beauty…classic English dovetail construction that is the foundation of our custom drawer box program. Crafted of the finest beautiful hardwoods, protected with a durable clear satin finish to preserve that beauty…and the custom sizes and functionality that have made them the master cabinetry craftsman's drawer boxes of choice.

Range Hoods

There is something about range hoods that makes them a special element in the kitchen. Their very nature gives them the ability to become a truly uncommon focal point of the room. For this reason, we continue to place uncommon emphasis on expanding our range hoods to offer new and exciting mantle designs, transitional hoods, elegant European styles, island hoods, and much more…all in sizes to accommodate nearly any space.

Kitchen shown with E-Series range hood.

Mouldings

Time to complete the look! From crown, to light rail, to baseboard and trim, these seemingly simple additions add so much – at the ceiling, at the bases of cabinets, at the floor – complementing a room's design with alluring subtlety. These are among the details that elevate great to extraordinary.
